Technical data

MF : 5'' HF : 1'' coaxial mounting

Efficiency : 99 dB / 1W / 1m

Power handling : 120 W RMS

Impedance : 16Ω

Amplifier recommended : nc

Directivity : 80°

The XS 5.1 is the smallest and lightest TV monitor on the market. Easy to setup and to install.

The XS 5.1 has been specially designed for both fixed installations and touring applications such as TV show, concert, corporate events, theaters...

The XS 5.1 is equipped with a 5'' coaxial 1'' neodyme mounted in a closed box. The 5'' is UV and humidity proof.

Using such top quality drivers guarantees extreme reliability ensuring long life, high power handling, exceptional high definition and open sound quality which is rarely matched in its category.

The very high quality closed enclosure is made from birch plywood with a black structured finish.
